I am a skilled and compassionate doctor with a passion for improving patient and delivering exceptional care. Seeking a position in a dynamic health care organisation where I can leverage my clinical experience. Having good communication skills and commitment to evidence-based medicine to make a meaningful impact on the lives of the patients. Dedicated to fostering a collaborative approach, while continuously seeking opportunities for professional growth and staying at the forefront of medical advancements.

Work Experience

House Officer, Internee at Liaquat National Hospital

2022 – 2023

Rotated in following departments over a period of one year;

Karachi, Pakistan

General surgery, Urology, ENT, Plastics and reconstructive surgery, Emergency, Intensive care unit, General medicine, Covid wards, Infectious diseases (out patient departments), Pulmonology, Nephrology and Cardiology.

Administered high level of care to patients through active listening, open-ended questioning.

Dedicated 78-83 hours per week as an intern.

Thoroughly examined patients and elicited medical history data to use in assessing health and identifying conditions.

Assisted faculty with clerical tasks such as copying papers, collecting assignments and preparing materials.

Admitted and treated patients as part of hospital's 24-hour on-call services.

Diagnosed issues and implemented treatment plans to resolve problems or help manage symptoms.

Diagnosed and treated patients suffering from chronic conditions.

Monitored patients recovering post-operatively from various surgical operations and procedures.

Medical Officer, T.O CLINIC

01/2024 – 05/2024

Emergencies: Carried out immediate assessment and treatment of patients with serious accidental and emergency injuries.

Karachi, Pakistan

Admissions: Admission and inpatient management with prompt referral when necessary.

Postop care: Clinical skills in surgical patient care and various medical procedures; Proficiency in managing pre-operative and post-operative care.

Medical Officer, Liaquat National Hospital

12/2024 – 07/2025

As a Medical Officer in the Emergency Department, I provided immediate and high-quality medical care to patients presenting with acute illnesses and injuries. My responsibilities included rapid assessment, stabilization, and management of critical cases, performing emergency procedures, and coordinating with multidisciplinary teams to ensure timely treatment. I developed strong clinical decision-making skills, worked efficiently under pressure, and maintained accurate documentation while delivering compassionate patient care in a fast-paced environment.

Karachi, Pakistan

RMO, BHY Hospital

09/2025

Delivering acute and chronic patient care in a dynamic, multi-departmental role. Primarily managing the Dialysis Unit, overseeing scheduled hemodialysis sessions and addressing related complications for patients with end-stage renal disease. Routinely rotating through the ER and ICU, developing proficiency in rapid patient assessment, trauma management, advanced life support, and the care of critically ill patients. This role honed skills in clinical decision-making, crisis management, and effective collaboration within multidisciplinary teams under high-pressure conditions.

Karachi, Pakistan
