PROFILE

I am Muznha Asif, an FCPS candidate with a strong foundation in general surgery, having successfully cleared my IMM exam. I have over 2 years of hands-on experience as a General Surgery Resident at Sohail Trust Hospital and Medicare General Hospital under the supervision of Dr. Abdullah Muttaqi.

Throughout my residency, I have honed excellent surgical skills, managed emergencies, and assisted in a wide range of cases, including laparotomies, laparoscopic cholecystectomies, appendectomies, and trauma management. My dedication, keen attention to detail, and ability to perform under pressure make me a valuable team player committed to providing the best patient care.
