Language

- English
- Urdu

Professional Experience

02/20
-
03/20

**INTERNEE
PNS SHIFA**

- I had an internship at the intensive care unit, which was a really useful experience for me because it allowed me to observe a variety of procedures and obtain knowledge about how to run the ICU in coordination with senior consultants.

06/22
-
07/23

**House Officer
Dr. Ruth K. M. Pfau, Civil Hospital KHI**

- I worked in the orthopedic and pediatric wards, general Medicine, and surgical ward there. They specifically teach me how to educate them on the disease, how to deal with ward patients as a floor doctor, and how to coordinate with staff and order them to run the ward.

02/24
-
08/24

**RMO
ISM HOSPITAL**

- I oversee the ICU, NICU, PICU, and ward under the direction of consultants. I also collaborate with personnel to coordinate tasks and communicate directives for managing patient care and active work.

Certificates

Basic Life Support Certificate
Tabba Heart Institute
Recognized By American Heart
Association

Awards

Enhancing Competency and Patient
Safety Session-2025

Hobbies

Reading, Watching Movies,
Playing Video Games and
Outdoor Sports.

Professional Experience

09/24
-
04/25

RMO

DR. Zia Uddin Hospital

- Expertise in managing oncological emergencies such as neutropenic sepsis, tumor lysis syndrome, chemotherapy-induced diarrhea, electrolyte imbalances, respiratory infections, DVT and other acute medical conditions
- Proficient in delivering palliative care, facilitating difficult conversations, and providing empathetic support to patients and families navigating complex cancer treatments.

02/24
-
10/25

GENERAL PHYSICIAN

THE SOCIAL BOND WELFARE ORGANIZATION (OPD)

- Managed a high volume of patients in an outpatient setting, conducting clinical evaluations, diagnosing common medical conditions, and formulating treatment plans. Provided preventive care, patient education, and follow-up consultations. Collaborated with specialists for referrals and ensured accurate medical documentation. Demonstrated strong clinical judgment and patient-centered care.
