APPLICATION FOR MEDICAL OFFICER

MY PREFERENCE:

Being a doctor my entire life is dedicated to serve humanity and mankind, by providing them with good treatment and cure and maintain health of the ill or person at risk.

Good treatment depends on diagnosis and management within time, which can only be achieved by experience and learning. Experience comes by visual learning, practicing and as well as working in a team under the experienced consultants.

Day to day advancement has taken medicine to another level which means everyday there is something new to learn and practice.
