

Dr. Muskan

DENTAL SURGEON

Profile

Dynamic and compassionate Dentist with one year of hands-on experience, committed to delivering exceptional patient care and enhancing oral health outcomes. Expertise spans periodontology, endodontics, operative dentistry, orthodontics, and oral surgery, underpinned by a Bachelor of Dental Surgery from a respected institution. Demonstrated proficiency in precise documentation and collaboration within multidisciplinary teams, ensuring high standards of care. Eager to leverage strong clinical skills and a comprehensive understanding of dental practices in a progressive dental practice, fostering professional growth while prioritising patient satisfaction and wellbeing.
