Flat T3/5 Steel Town, Karachi, Pakistan

I am a passionate and dedicated learner with a strong command of communication and an unwavering work ethic, consistently striving for excellence in all endeavors. Throughout my MBBS journey, I have achieved remarkable academic success, earning 2 gold medals, 1 silver medal, and 2 bronze medals, along with several distinctions across various disciplines. These accomplishments reflect my commitment to hard work, intellectual curiosity, and a deep desire to excel in the medical field. Always eager to expand my horizons, I am actively seeking new opportunities to enhance my mindset, broaden my knowledge, and embrace innovative learning experiences. My goal is to continuously grow, contribute meaningfully to my field, and make a lasting impact through my dedication and expertise. I can contribute to scientific progress and provide exceptional patient care through the implementation of evidence-based practices.
