SUMMARY

I am a dedicated Bachelor of Dental Surgery graduate with a solid year of hands-on experience gained during my house job. I have also successfully passed FCPS Part 1 in Dentistry, demonstrating my commitment to continued professional development and specialization. My training has provided me with a strong clinical foundation, allowing me to effectively perform a range of dental procedures while maintaining a compassionate, patient-centered approach. I am passionate about advancing oral health and am eager to contribute to a dynamic dental practice where I can further refine my skills and deliver exceptional patient care.
