## Summary

MBBS graduate of 2023, with completed internship in 2024, including electives in cardiology, seeking to pursue a residency in Anesthesia. During internship, gained hands-on experience in critical care, patient monitoring, and managing pre- and post-operative cases. Developed strong clinical skills, especially in emergency response, patient assessment, and multidisciplinary teamwork. Eager to leverage solid foundation in patient care and interest in anesthesiology to contribute to a dynamic residency program.
